IOTC CIRCULAR 2019–36

Dear Sir/Madam

REPORT OF THE 23RD SESSION OF THE INDIAN OCEAN TUNA COMMISSION, INCLUDING THE LATEST VERSIONS OF CMMS

The Report of the 23rd Session of the Indian Ocean Tuna Commission, held in Hyderabad, India, from 17-21 June 2019, is now available for downloading from the IOTC website [[click here](#)].

I would like to thank those Members that provided comments on the various drafts of the report. For the few matters that were not resolved by email, you will find that I have made a 'Chairpersons' decision on the text.

The S23 report includes the seven Conservation and Management Measures adopted by the Commission (see Appendix 7). Please note that these CMMs contain a range of changes from the texts provided by IOTC Circular 2019-27 on 1 July 2019, and should be considered to be the definitive versions.

The changes were mostly minor editorial corrections to typos, formatting and grammar; however, there have been the following structural changes in two resolutions which have resulted in a change in the number of paragraphs from the previous versions.

- Resolution 19/01: Paragraph 18 was reformatted as a footnote (as per Res 17/01 and Res 18/01), which has resulted in a decrease in the total number of paragraphs in Res19/01 from 31 to 30.
- Resolution 19/04: One of the clauses was missing from Paragraph 3. Paragraph 3 now has 16 clauses (a to p). Paragraph 18a was reformatted into a new paragraph and this has resulted in an the total number of paragraphs increasing from from 20 to 21

Yours sincerely

Susan Imende
IOTC Chairperson
